

HR-AE SERIES

Turbo Inline Fan

HR-100AE

Product Features

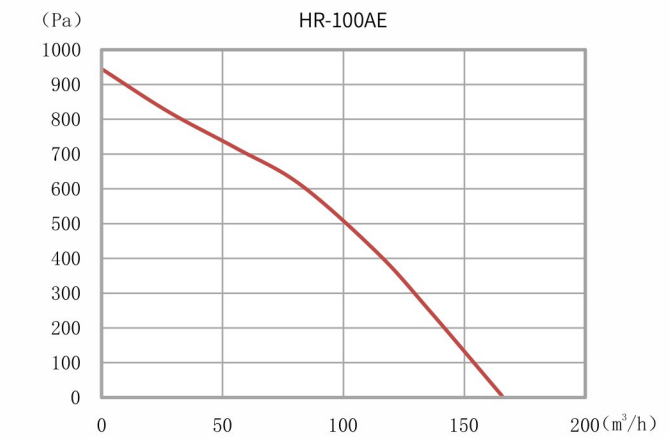

- ◆ Advantage: Small volume, high air pressure, low noise.
- ◆ High efficiency and energy saving motor: use a DC variable frequency motor (permanent magnet synchronous motor) for lower energy consumption.
- ◆ Stable performance: overcurrent, overvoltage, overtemperature, overload protection.
- ◆ Free speed control: 0-10V voltage speed control and PWM signal speed control.
- ◆ Protection grade: Ip44.
- ◆ Installation: bracket or hook optional.

Performance Parameter

Model No.	Voltage Frequency (V)	Current (Amps)	Power (W)	Speed (RPM)	Airflow (m ³ /h)	Air Pressure (Pa)	Net Weight (kgs)
HR-100AE	100~240	0.22 MAX.0.43	32	7500	166	945	0.62
